Temporary lane closures next week on WIS 44 in Oshkosh

Ramp improvements at US 41/WIS 44 interchange will cause minor delays

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Northeast Region office in Green Bay is announcing that the northbound and southbound right lane of WIS 44 between the US 41 northbound and southbound ramp terminals will tentatively close for repairs for one week beginning Monday, October 19. Additionally, overnight repairs to both the US 41 southbound and northbound off ramps to WIS 44 will limit northbound and southbound access to WIS 44 for two days between the hours of 6 p.m. – 6 a.m., tentatively starting Wednesday, October 21. Message signs will go up ahead of construction with more detailed information regarding overnight closures.

The repairs are part of a \$314,000 project to construct additional left turn lanes on the US 41 northbound and southbound off ramps to WIS 44 in Oshkosh.

Motorists are reminded to use caution and remain alert when driving through this or any work zone.
